1. In consideration of my request for educational delay as a special medical program participant, I understand and agree to comply with the following service requirements if my request is granted:
 - a. To faithfully pursue a full-time course of study leading to a degree in medicine, osteopathy, dentistry, veterinary medicine, optometry, podiatry, psychology (*doctorate*), sanitary engineering, or social work.
 - b. To be considered a participant in the Medical Service Early Commissioning Program (*AR 601-130*).
 - c. If not assigned to Medical Services Corps, to be detailed thereto for control and accounting purposes.
 - d. If pursuing a degree in medicine, osteopathy, dentistry, or veterinary medicine, to accept appointment or reappointment in the Medical, Dental, or Veterinary Corps upon graduation, if offered.
 - e. To enter on active duty within one (*1*) year of appointment or reappointment unless granted further delay by proper authority.
 - f. Branch transfer to the Medical, Dental, or Veterinary Corps of the Reserve of the Army upon graduation does not bind the United States Army to ordering a period of active duty. Entry on active duty will be contingent upon Army requirements at the time active duty qualifications are determined.
2. Having studied the above service requirements, I hereby volunteer for entry on active duty when and if my services are required. If I am excess to the needs of the Active Army, I will fulfill the remainder of my statutory obligation by serving satisfactorily in the Ready Reserve. I agree to serve a period of active duty as indicated below.
 - a. If delayed to pursue a degree in medicine, osteopathy, dentistry, veterinary medicine, podiatry, or optometry, I will serve on active duty for a period of three (*3*) consecutive years.
 - b. If delayed to pursue a degree in psychology, sanitary engineering, or social work, I will serve on active duty for a period of four (*4*) consecutive years unless a lesser minimum obligation is in effect for my specialty at the time of entry on active duty.
 - c. If I received Army scholarship assistance while participating in the ROTC program (*10 USC 2107*), I will serve on active duty for a period of from 2 to 5 consecutive years as stipulated in my ROTC contract.
3. If I should withdraw from the course of study for which delay was approved or fail to qualify for branch transfer to the Medical, Dental, or Veterinary Corps, I understand and agree to comply with the following active duty and Reserve participation requirements. Service will be performed in the USAR branch in which originally appointed from ROTC, unless otherwise directed by the Department of the Army.

3. a. *Nonscholarship obligation, 2-to 4-year active obligation.* A period of 8 years as a commissioned officer to include not less than 2 nor more than 4 consecutive years of active duty. The required period of active duty will be based on the needs of the Army when my delay ends. Upon release from active duty, I will serve the remainder of the 8-year period in the Ready Reserve.

b. *Scholarship obligation (Enter 2 through 5 years) _____ year active duty obligation.* A period of 8 years as a commissioned officer to include a period of from 2 to 5 consecutive years of active duty based on receipt of Army scholarship assistance while participating in the ROTC program (10 USC 2107). Upon release from active duty, I will serve the remainder of the 8-year period in the Ready Reserve. *(The 5-year active duty obligation is only required from those individuals who received ROTC scholarship benefits for 5 years in order to complete their required undergraduate study.)*

4. If I am not required to serve on active duty, I agree to serve on active duty for training for the period required to complete a resident officer basic course as determined by the Department of the Army, and subject to further orders of the Secretary of the Army. Upon release from active duty for training, I will serve satisfactorily in the Ready Reserve until the 8th anniversary date of my original appointment, unless sooner discharged by proper authority.

5. I agree and consent to the terms of this agreement and understand that I will not be authorized to resign my commission until the required service is completed.
