Medical Services

Army Medical Department Expendable/Durable Items

By Order of the Secretary of the Army:

PETER J. SCHOOMAKER
General, United States Army
Chief of Staff

Official:

SANDRA R. RILEY
Administrative Assistant to the
Secretary of the Army

History. This printing publishes a revision of this publication. Because the publication has been extensively revised, the changed portions have not been highlighted. Common Table of Allowance (CTA) 8-100 is now available online at the USAFMSA website (<https://webtaads.belvoir.army.mil/usafmsa/>). A user identification and password are required to view the site; first-time users should click on "WebTAADS (Login)" and then click on "Request an Account."

Summary. This CTA is an authorization document under the provisions of AR

71-32, *Force Development and Documentation Consolidated Policies*, providing flexible basis of issue, which may be used to acquire selected expendable/durable medical items for those units or individuals required to accomplish their mission.

Applicability. This CTA applies to the Active Army, Army National Guard, and the U.S. Army Reserve units and activities Army-wide, which have a requirement for medical expendable/durable items. During mobilization, procedures in this publication can be modified to support policy changes as necessary.

Proponent and exception authority.

The proponent for this common table of allowance is the Surgeon General. The Surgeon General has the authority to approve exceptions to this common table of allowance that are consistent with controlling law and regulation. The Surgeon General may delegate the approval authority, in writing, to a division chief within the proponent agency who holds the grade of colonel or the civilian equivalent.

Interim changes. Interim changes are not official unless authenticated by the Administrative Assistant to the Secretary of the Army. Users will destroy interim

changes on the expiration dates unless sooner superseded or rescinded.

Suggested improvements. Users are invited to send comments and suggested improvements to CTA@hqda.army.mil or post online on the CTA "Feedback" page. Changes may only be submitted electronically via the SSN-LIN Automated Management & Integrating System (SLAMIS) at <http://www.slamis.army.pentagon.mil> (a user identification and password must be obtained to utilize the system). Submissions must include a DA Form 2028, and all required SLAMIS fields must be completed in order to process the request.

Distribution. Distribution of this publication is available in electronic media only and is intended for command level A for Active Army, Army National Guard, and U.S. Army Reserve.

Glossary

*This common table of allowance supersedes Common Table of Allowance 8-100 dated 31 August 1994.

1. Purpose

This table is used as an authorization document in accordance with AR 71–32, and additional documentation for authorization is not required (<https://webtaads.belvoir.army.mil/usafmsa/>).

2. Scope

This CTA provides a flexible basis of issue, which may be used to acquire selected expendable/durable medical items for those units or individuals required to accomplish their mission and not otherwise authorized the items as components of medical and dental equipment sets. It also provides guidance to using units for determining initial issue and stockage quantities necessary for mission requirements.

3. References

Required and related publications and prescribed and referenced forms are listed in appendix A.

4. Explanation of abbreviations and terms

Abbreviations and special terms used in this CTA are explained in the glossary.

a. Special instructions

- (1) Quantities shown herein may be decreased or omitted by the appropriate commander.
- (2) Requisitions for expendable/durable items listed herein are restricted to items with an acquisition advice code that does not prohibit issue.
- (3) Units should requisition items and quantities included herein only when able to receive, store, maintain, and utilize same.
- (4) Expendable/durable items are obtained and maintained by using units and activities in accordance with supply procedures prescribed in those regulations listed in appendix A.

b. In order to provide guidance pertaining to authorization of expendable/durable items in instances where it is impractical to compile a meaningful basis of issue, expendable/durable medical items in the following Federal supply classifications (FSC) of DOD medical catalogs are authorized to Reserve Component units with TDA medical mission "As Required" when items are not listed in the CTA or authorized in another document: 3000–6300, 6505, 6508, 6510, 6515, 6520, 6525, 6530, 6540, 6545, 6550, 6600, 6700–9500.
