Chapter 3 Program

3-1. Program goals

The primary goal of the AVAP is to actively assist Soldiers and other eligible individuals to register and vote without violating statute or regulation. VAOs should obtain assistance from the servicing staff judge advocate's (SJA's) office. They should follow the prohibitions below and in the references.

a. By-name accounting or tracking of registration or voting decisions is not authorized. Do not use lists to keep account of Soldiers' decisions regarding registration and voting. Reporting requires only numbers indicating Soldier participation in the AVAP, regardless of whether they choose to register or vote later.

b. In accordance with AR 360-1, paragraph 3-4, installation commanders will not permit the use of installation facilities by any candidate (either incumbents or new office seekers) or members of their staffs and campaign representatives for political assemblies or meetings, media events, fund-raising dinners, parties or social events, causes, press conferences, or similar activities, regardless of the sponsor. If a current Government official *who is also a candidate* is visiting the installation for an official purpose, installation commanders will coordinate with the local PAO for guidance.

c. Installation commanders will decline requests for military support from the installation to any event that may imply DA association with any partisan political group or cause.

d. Unit VAOs will not engage in or support any activities that could be interpreted as associating DA with political causes or candidates.

e. All persons assisting in the voting process will take all necessary steps to prevent discrimination, fraud, intimidation or coercion, and unfair registration and voting assistance procedures. This includes, but is not limited to, preventing actions such as—

(1) Using military authority to influence the vote of any other member of the Uniformed Services or to require any member to march to the polling place or place of voting as proscribed by Sections 592, 593, and 609, Title 18, United States Code (18 USC 592, 593, and 609).

(2) This regulation does not in any way prohibit free discussion about political issues or candidates for public office discussed in 18 USC 592, 593, 596, 607, 608, and 609. For additional guidance on this issue, contact the servicing SJA office.

3-2. Restrictions

a. Unit VAOs must be aware that the kind of voting literature that may be distributed is very limited.

(1) DOD policy prohibits active duty personnel *while in uniform* from distributing any campaign literature, whether partisan or not. Active duty personnel will only distribute information relating to the process of registering to vote (that is, the Voting Assistance Guide, SF 76, and SF 186).

(2) Neither DOD nor DA is authorized to collect or distribute voting information of a partisan nature. Soldiers, overseas DA civilians, and their eligible Family members must obtain this type of information from their local election office. Much of this information may be obtained from the DOD Voting Information Center at 1-800-438-VOTE (8683). Toll-free telephone numbers are listed by country on the FVAP Web site (<http://www.fvap.gov>).

b. VAOs will not contact State or local officials or agencies about voting matters. They should contact the DOD

FVAP office for assistance. The FVAP office is the sole DOD representative for obtaining and distributing voting information from State and local officials.

c. No one may conduct any poll among members of the U.S. Armed Forces concerning their choices or votes for any candidates. (See 18 USC 596). This restriction applies—

- (1) To written or oral polls.
- (2) Before or after members vote.
- (3) Inside or outside the United States.
- (4) Active Army Soldiers and Reserve Component Soldiers on active duty are required to adhere to the policies in DOD Directive 1344.10 and AR 600–20. DA civilian employees must comply with the limitations on political activity in Part 734, Title 5, Code of Federal Regulations (5 CFR 734) and chapter 6 of the Joint Ethics Regulation.

3–3. Appointments

- a. VAOs must be appointed, in writing, at each level of command.
- (1) The VAO at the ACOM, ASCC, and DRU command level must be a lieutenant colonel or above, or DA civilian equivalent.
 - (2) The VAO at the senior subordinate mission command level should be an officer in the rank of major or above, or a DA civilian in the grade of general schedule 12 or above.
 - (3) The VAO at major subordinate commands should be an officer in the rank of major or above, or a DA civilian in the grade of general schedule 12 or above.
 - (4) The VAO at the company and detachment command level must be in the rank of first lieutenant and above or sergeant first class and above in all units with 25 or more permanently assigned Service members. (Appoint an additional VAO for each 50 assigned Service members above the 25–Service member base).

Note. Rank and grade criteria may be waived by the commander if there is an enthusiastic volunteer in a lower rank or grade.

b. Appointed VAOs should be trained prior to assuming duties and remain assigned through the election cycle, or the command must ensure that a VAO scheduled for reassignment is replaced before he or she leaves.

c. Each level of command maintains a listing of all VAOs and alternates and provides the listing to higher headquarters as directed. The listing must include the following:

Appendix B Internal Control Evaluation

B-1. Function

The function covered by this evaluation is the administration of the AVAP.

B-2. Purpose

The purpose of this evaluation is to assist assessable unit managers, internal control administrators, and test control officers in evaluating the key internal controls outlined. It is intended as a guide and does not cover all controls.

B-3. Instructions

Answers must be based on the actual testing of key internal controls (for example, document analysis, direct observation, sampling, simulation, or other). Answers that indicate deficiencies must be explained and the corrective action indicated in supporting documentation. These key internal controls must be formally evaluated at least once every 5 years or whenever the internal control administrator changes. Certification that this evaluation has been conducted must be accomplished on DA Form 11-2 (Internal Control Evaluation Certification).

B-4. Test questions

- a.* Are SVAOs and alternates (lieutenant colonel or above, or DA civilian equivalent) being established to manage the command voting assistance program?
- b.* Are all unit VAOs and installation SVAOs (and alternates) posting their name, office telephone numbers and email address in a consolidated, well-advertised, fixed location on the installation?
- c.* Are registration and voting information, materials, and assistance made readily available by the unit VAOs and the Installation Voting Assistance Office to all eligible Army voters?
- d.* Are eligible voters educated on the importance of voting and provided every opportunity to register and cast their ballot?

B-5. Supersession

This is the initial internal control evaluation for the AVAP.

B-6. Comments

Help make this a better tool for evaluating management controls. Submit comments to Commander, U.S. Army Human Resources Command (AHRC-PDP-P), 1600 Spearhead Division Avenue, Department 470, Fort Knox, KY 40122-5408.
