III. MERITORIOUS UNIT COMMENDATION.—By direction of the Secretary of the Army, under AR 260-15, the Meritorious Unit Commendation is awarded to the following unit for exceptionally meritorious conduct in the performance of outstanding service during the period indicated. The citation reads as follows:

The *19th Military Police Criminal Investigation Detachment* is cited for exceptionally meritorious conduct in the performance of outstanding services in Korea in support of combat operations during the period 20 September 1950 to 1 July 1951. During this period, the detachment participated in the landings at Inchon and Wonsan and members of the detachment performed their duties with front-line units. The detachment served X Corps at Hungnam until 21 December, during which time members of the detachment performed their duties under enemy small-arms fire. Individual members of the detachment, serving with all levels of command in the X Corps, conducted investigations of crimes during tactical operations and displayed a high degree of initiative and good judgment. The achievements made in the suppression of crime and apprehension of offenders and the successful completion of its assigned mission are the result of the superior recognition and exploitation of criminal investigation procedure by each member of the detachment. The initiative and superior skill of each member, frequently under enemy attack, contributed greatly to the ultimate successful completion of the criminal investigation mission in the X Corps. The *19th Military Police Criminal Investigation Detachment* displayed such outstanding devotion and superior performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The

determination, diligence, and meritorious conduct of every member of the detachment reflect great credit on themselves, the Military Police Corps, and the military service of the United States. (*General Orders 588, Headquarters, Eighth United States Army, Korea, 25 July 1951.*)
