a. *Army Emergency Relief officers.* Senior commanders and garrison commander (or equivalent)s with AER Sections (both IMCOM managed and non-IMCOM managed installations) will designate a commissioned or warrant officer, a senior NCO in the rank of sergeant first class or above, or civilian (General Schedule–7) GS–7 or higher as the AERO.

b. *Qualifications.* An individual designated as the AERO will have the following qualifications:

The qualifications for the assistant AERO are the same as in paragraph b(1) through (7), above, and in addition to the following:

(1) Individuals designated may be commissioned officers, warrant officers, NCOs in the rank of staff sergeant or above, or civilians GS–5 or higher.

Chapter 2

Army Emergency Relief Policies for Assistance

Section I

Eligibility and Approval

2–1. Eligibility for financial assistance

Only personnel listed below are eligible to receive financial assistance from AER:

a. Soldiers on extended active duty (AD) and their eligible Family members.

b. RC Soldiers (Army National Guard and U.S. Army Reserve) on continuous AD orders under 10 USC, for more than 30 consecutive days and their eligible Family members. (This applies to Soldiers on AD for training and serving under various sections of 10 USC.)

c. Soldiers retired from AD for longevity, retired by reason of physical disability, or retired at age 60 under 10 USC 12731 et seq and their eligible Family members.

d. Surviving spouses and children of eligible Soldiers identified in paragraphs *a* through *c*, above, who died while on AD or after they retired.

2–2. Verification of eligibility

a. All eligible applicants must present a valid Department of Defense (DOD) identification (ID) card in order to receive AER assistance.

b. All RC applicants must also present a copy of their Title 10 activation orders in addition to their DOD ID card.

c. Eligibility of applicants without a DOD ID card or orders must be verified before assistance is given. Verification may be made with enlistment or reenlistment contract, orders, and valid photo ID.

2–3. Approval authority for Army Emergency Relief assistance

a. The local commander and the chain of command are best able to evaluate the need for emergency financial assistance. Further, AER is an important asset to all commanders in fulfilling their responsibility for morale and welfare of Soldiers. Two local levels of approval authorities, along with the immediate commander under paragraph *b* below, are established on this premise and to give visibility to the interest, concern, and involvement of the Army's leadership in helping Army personnel and eligible Family members in time of emergency need. These local approval levels are—

(1) AERO or assistant AERO may approve loans and grants up to \$3,000.

(2) Garrison commander (or equivalent), deputy commander, garrison command sergeant major, or chief of staff may approve loans and grants up to \$4,000.

(3) Loans and grants over \$4,000 must be approved by HQ, AER.

b. The immediate company commander, battery commander, troop commander, or first sergeant is the approving authority for the AER Company Commander and First Sergeant Quick Assist Program, a lending program. Soldiers may request AER funds by submitting a completed AER Form 600 (Company Commander and First Sergeant Quick Assist Program, Application for Financial Assistance) to their immediate commander.

c. Upon obtaining approval of requested assistance, the Soldier will take the AER Form 600 to the local AERO for an administrative review, after which funds will be issued and allotment for repayment established. Eligibility for assistance in this category is based upon the Soldier's ability to repay by allotment. Assistance under the AER Company Commander and First Sergeant Quick Assist Program is on a loan-only basis and will not exceed \$2,000.

d. All decisions regarding AER financial assistance must be:

(1) Fair, prudent, and objective, with use of AER funds to meet only a valid emergency need. When the case is borderline, the decision should normally favor the applicant.

(2) Based on providing only the amount needed to meet the actual emergency. The dollar amount established for the approval authorities is not a basis for determining the amount of assistance actually provided.

(3) Within the framework of policies in this regulation or by any other instructions issued by the Director, AER.

(4) Approved as an exception or exception to policy (see subparagraph *f*, below) only when determined by the authorized approval authority to be in the best interests of the Army and the applicant.

e. Approval of HQ, AER obtained by telephone, electronic message, email, or letter, is required in all instances of the following:

(1) Assistance to surviving spouses and children of deceased Soldiers. (These cases are not required to be processed through command designated approval authorities, subparagraph *f*, below, prior to decision by HQ, AER.)

(2) Assistance to a person who approves AER assistance (such as a garrison commander (or equivalent), garrison command sergeant major, or garrison chief of staff) or any eligible person working in ACS.

(3) Assistance that would exceed garrison approval level. (Amount will include current request plus balance due on any outstanding loans, plus any grants within the past 12 months, plus any previous loans declared uncollectible for repayment.)

(4) Assistance to persons on the AER restricted list.

(5) Assistance processed through ARC, NMCRS, AFAS, and CGMA offices.

f. Approval is required by the garrison commander (or equivalent), deputy commander or chief of staff level—

(1) Based on amount involved.

(2) For exceptions and exceptions to policy. Exceptions are those situations not listed as a normal category of assistance but are not unauthorized by paragraph 2–12. Exceptions to policy are those situations that are unauthorized by paragraph 2–12 but are in the best interest of the Soldier and the Army as deemed by the approval authority.

g. The AERO will, through channels designated by the commander, provide—

(1) Information on related AER policies.

(2) Details regarding the specific case.

(3) Soldier's unit commander's recommendation.

(4) Personal recommendation.

h. Spouses of deployed Soldiers do not require approval of Soldiers' immediate commander to receive AER assistance. They must have a valid special power of attorney, or the approval authority can seek verbal concurrence via telephone, or email concurrence via a common access card (CAC) account from the Soldier for the spouse to obtain AER funds.

Section II

Types and Forms of Assistance

2-4. Emergency financial assistance

An emergency is a condition that arises suddenly, is unforeseen and urgent, and requires immediate attention. When considering a request for assistance, it is important to remember that Soldiers do not have to be totally destitute to have a valid financial need. Assistance normally will be a loan, or, when appropriate, a grant or a combination loan and grant. Amounts of assistance will be commensurate with the emergency need.

a. Loan. Emergency financial assistance normally is a loan since Soldiers usually are able to repay and prefer to do so. All AER loans are interest free.

b. Grant. A grant is made when repayment in the foreseeable future would cause undue hardship. To decide if undue hardship exists, a careful evaluation will be made of the individual's—

(1) Personal situation.

(2) Current and projected income and expenses.

(3) Other assets.

(4) Ability to start repayment immediately or in the foreseeable future.

(5) Ability to complete repayment within a reasonable time.

c. Loan and grant. Combination of a loan and a grant will be made when the individual's situation precludes repayment of the full amount of a loan, but partial repayment can be made without undue hardship.

2-5. Assistance to surviving spouses and children of deceased Soldiers

AER assistance is not given to express sympathy to the Family. In all cases, need is the requirement. Assistance to surviving spouses and children of deceased Soldiers will be provided as a grant as follows:

a. Emergency assistance. Need for emergency assistance usually occurs at the time of, or shortly after, death of the Soldier. Often, this will be a onetime or temporary need that cannot be deferred until Government benefits or other entitlements are received. A need also may occur later if the spouse is unable to meet basic needs.

b. Monthly allowance. In extreme exceptional circumstances when surviving spouses and children have a continuing situation of inadequate income to meet basic needs, a monthly allowance may be provided to supplement their income. This type of assistance is reviewed and updated annually.

c. Special need assistance. When circumstances justify, assistance may be given for dental care, dentures, eyeglasses, hearing aids, wheelchairs, or similar needs.

Section III

Emergency Financial Assistance

2-6. Policies for emergency financial assistance

AER emergency financial assistance is provided under many types of conditions or situations. Usually involved are obligations for everyday essentials that are beyond the individual's ability to meet. Any Soldier faced with a financial emergency should be provided with AER assistance within the framework of these policies.

a. Assistance is available for emergencies that require immediate attention.

b. Assistance is provided only for a valid need and not as a comfort or convenience.

c. Assistance is given only to individuals, not for group relief, general welfare, or long-term commitments.

d. Each request is considered on its own merits, on a personalized and timely basis and without publicity.

e. Assistance to AD Soldiers normally should be due to an emergency situation that developed after entry on AD.

(1) The AER Certificate of Incorporation governs use of AER funds to assist only Soldiers and their Family members.

(2) AER policies, established by the AER Board of Managers, are guided by DA policies in matters pertaining to Family member status and authority for Family member travel.

f. Assistance for treatment of chronic illnesses will be given only to the extent necessary to meet immediate and short-term needs and to allow time for future planning based on other resources.

g. Assistance for Soldiers pending elimination from the Army or disciplinary action, that could result in elimination from the Army, will be limited to an amount essential for basic needs.

h. Soldiers in confinement:

(1) Soldiers in confinement are not eligible to obtain AER assistance.

(2) Soldiers convicted by court martial whose sentence includes a dismissal, a dishonorable or bad-conduct discharge, or are administratively eliminated from the service with a discharge under other than honorable conditions are not eligible for AER assistance.

i. Family members of Soldiers in confinement who have been convicted by a court-martial, and whose sentence includes dismissal, or a dishonorable or bad conduct discharge, are eligible for limited AER assistance. Family members of Soldiers who are being administratively eliminated from the Army with a characterization of service as under other than honorable conditions, are also eligible for limited AER assistance. Normally, this assistance will be one time for basic living expenses and to assist in transition to meet emergency needs to prevent immediate privation. They are eligible until a sentence including dishonorable or bad-conduct discharge is executed, or until a discharge under other than honorable conditions is approved.

j. Family members of absent without leave Soldiers are eligible for limited AER assistance to prevent immediate privation. Eligibility terminates when the Soldier is dropped from the rolls as a deserter.

k. Assistance will not be given to Soldiers or their Family members at or after separation from the Army.

l. The sponsor must approve assistance to Family members. In the absence of the Soldier, the applicant must have a valid/unrevoked special power of attorney document signed by the sponsor. A special power of attorney document must contain the following:

(1) A termination date that has not expired.

(2) Terms authorizing the holder of the special power of attorney to obtain an AER loan and to start stop or change an allotment on the sponsor's behalf.

m. The use of a general power of attorney is not authorized. In the event the applicant does not have a valid special power of attorney, the AERO may use an approved AER form as described in HQ, AER implementing guidance.

n. Assistance in nonsupport cases will be provided on a one-time basis to prevent privation.

2-7. Emergency financial assistance to Soldiers

a. AER's objective is to meet every valid emergency need of Soldiers and their Family members. Individuals must complete the appropriate application for AER financial assistance.

b. The AERO must establish from an interview with the applicant and from other sources all the facts regarding the need for assistance. The AERO should not base their decisions on assumptions or emotions.

c. Each case must be considered on its own merit. No two persons are exactly alike; also, no two situations are identical.

d. When the applicant's case is borderline, the decision normally should favor the applicant.

e. Normally, to evaluate an applicant's request for assistance, the AERO will consider, as a minimum, the following items:

(1) Purpose for which emergency assistance is requested.

(2) Whether a real emergency exists.

(3) Information on applicant's income from all sources (including spouse's, when applicable).

(4) Itemized statement of monthly and other expenses.

(5) Whether financial help will solve the problem.

(6) Amount of assistance needed versus what is wanted.

(7) Whether the need is being met or can better be met by aid from another agency.

(8) Confirmation of Soldier's duty status.

(9) Expiration of term of service (AD) and remaining Title 10 obligation for Reserve personnel (USAR and ARNG).

(10) Whether any personnel actions are pending involving elimination from the Army (for AD personnel).

(11) Recommendation and information from unit commander (in accordance with commander's referral loans, paras 2-3b and 2-3c).

(12) Whether person has received previous AER assistance and the status of any prior loan.

(13) Whether person appears on restricted list for AER assistance.

(14) Providing assistance as a loan unless repayment would cause undue hardship.

(15) If the Soldier is under court supervised bankruptcy proceedings, approval for a loan must be obtained from the court appointed trustee.

f. When a loan is approved, the AERO will ensure that the individual—

(1) Understands responsibility and terms for repaying the loan.

(2) Agrees to keep the AERO advised on any change in duty assignment, mailing address, or status.

(3) Agrees that personal data on the application can be given to HQ, AER, the ARC, and any other organization or relief society outside the DOD necessary for processing the application.

(4) Agrees that personal data can be disclosed to and by organizations within the Army or HQ, AER to aid loan repayment or return of overpayment.

(5) Understands that failure to repay the loan, unless undue hardship exists, will result in being identified on the HQ, AER restricted list. This list is visible to AER Sections Army wide. Individuals who appear on this list will not be approved for AER assistance without the specific prior approval of HQ, AER.

g. When assistance is not approved, the AERO will—

- (1) Assure that the applicant knows the reasons for disapproval.
- (2) Record reasons for disapproval.
- (3) Retain the application as required in paragraphs 2–16 and 2–17.
- (4) Refer to alternate sources of assistance.

h. When the applicant's problem appears to be a continuing one, the AERO will refer the individual to the appropriate agency for help, such as for—

- (1) Personal financial management and budgeting—to the ACS Financial Readiness Program counselor.
- (2) Legal difficulties—to the legal assistance officer.
- (3) Marital and Family conditions—ACS, social work services, or to the post chaplain.

i. Approved assistance is normally provided by check, AER Form 52 (AER Check and Allotment Authorization/Promissory Note), payable to the applicant. In the event the AERO believes the funds may not be used as intended or it is expedient in resolving the issue to make the check payable directly to the vendor, the AERO may prepare the check as a two party check with the applicant and the vendor as payees. Checks made payable only to a vendor is not authorized.

j. When aid is given to a Family member in the Soldier's absence, the AERO will—

- (1) Ensure agreement of sponsor.
- (2) Obtain AER allotment from sponsor for repayment.
- (3) Make the Family member a payee on the check.
- (4) Prepare all documentation in the name of the sponsor and include the sponsor's Social Security number, expiration of term of service (ETS), duty organization and mailing address.

2–8. Assistance to surviving spouses and children

a. Assisting spouses and children of deceased Soldiers with financial needs is an important part of AER's mission.

b. CAO and SOS have personal contact with survivors and can assess the individual's situation identifying cases where help is needed. The CAO and SOS coordinator can notify and coordinate with the installation AERO, or HQ, AER when the survivor needs financial assistance.

c. AER Sections and ARC call centers are the outlets for contact with spouses and children regarding AER assistance. Requests received initially at HQ, AER normally will be referred to the nearest Aid Society to handle the case.

d. Individuals applying for financial assistance must complete AER Form 700 (Application for AER Financial Assistance). They must be an eligible Family member of the Soldier at the time of death. Eligible Family members must have a current dependent ID card. Any questions concerning eligibility should be referred to HQ, AER.

2–9. Assistance to Army Wounded Warriors Soldiers

Soldiers classified as Army Wounded Warrior (AW2) by the AW2 Program are eligible to use the AER Special Access Cell to receive financial assistance. The program allows AW2 Soldiers to request financial assistance by directly contacting AER HQ or through facilitation by or with their AW2 advocate. The intent of the Special Access Cell is to assist AW2 Soldiers between the times they are medically retired from service until their disability benefits take effect. Individuals applying for financial assistance must complete AER Form 700–1 (AW2 Application for AER Financial Assistance).

2–10. Assistance to Navy, Marine Corps, Air Force, and Coast Guard personnel

a. AER Sections will provide emergency financial assistance to Navy, Marine Corps, Air Force, and Coast Guard personnel when the following apply:

- (1) Aid facilities of the applicant's own Service are not readily available.
- (2) Referral to the ARC is not feasible.
- (3) An emergency financial situation exists that warrants assistance.
- (4) Authority has been obtained from the appropriate Aid Society HQ per the AER Sections Reference Manual.

b. Once approval is obtained, complete AER Form 52.

- c. All assistance records for an individual from another Service will be promptly entered in AER's automated case management system for reimbursement from NMCRS, AFAS, or CGMA.
- d. Unit commander concurrence is not required when providing assistance to members of other services.

2-11. Categories of authorized emergency financial assistance

Correct identification of reasons for assistance is essential for insight into problem areas causing the need for help.

- a. *Nonreceipt of pay.* (Includes allowances and allotments.) Applies when pay is due and not received.
 - (1) This normally can be verified from the individual's leave and earnings statement or by the local Defense Military Pay Office (DMPO).
 - (2) Assistance will—
 - (a) Not be based on amount of pay due.
 - (b) Be limited to basic needs for subsistence to prevent privation until pay is received.
 - (3) This category will not be used when a Soldier is in a no pay due status due to advance or partial payments previously received.
- b. *Loss of funds.* (Includes loss of pay or other funds.) Normally attributable to theft or not safeguarding funds. The loss should have been reported to military or civilian police authorities.
 - (1) Assistance will—
 - (a) Not be based on amount of funds lost.
 - (b) Be limited to basic needs to prevent privation.
 - (2) Gambling loss is not considered a valid reason for AER assistance.
- c. *Medical, dental, and hospital expenses.*
 - (1) Assistance is permitted for personal medical and other incidental expenses related to obtaining authorized medical care under tri-service medical care (TRICARE) or Medicare. Medical expenses include all health services, equipment, and supplies that are benefits of either TRICARE or Medicare. Assistance for medical and hospital expenses may be provided when—
 - (a) Medical treatment or hospital expenses are not elective but medically required.
 - (b) Paying bills or a required down payment cannot be deferred through usual repayment period.
 - (2) Assistance for prosthetic devices, such as orthopedic shoes, hearing aids, spectacles, and so forth, is authorized when supported by a statement from a medical authority attesting that the device is essential for the health and welfare of the individual.
- d. *Funeral expenses.* Assistance is authorized for funeral expenses incurred for Family members. Assistance for a parent, sister, brother, or other extended Family members may be provided on a limited basis. Assistance for funeral of non-dependent Family members will always be in the form of a loan since they are not eligible for AER assistance. Assistance is limited to only provide funds for a modest but dignified funeral.
 - (1) Assistance normally is not provided for costs that are reimbursed by insurance, Social Security, veteran's benefits, or other agencies.
 - (2) Funeral costs should be commensurate with the applicant's desires and financial ability.
- e. *Required travel expenses.* Assistance may be provided to meet unforeseen required travel and related maintenance expenses such as transportation, lodging, and food, when applicable due to—
 - (1) Emergency leave, in accordance with AR 600-8-10.
 - (2) Emergency travel, in accordance with AR 600-8-10.
 - (3) Extraordinary costs involved in meeting port call or permanent change of station (PCS).
 - (4) Convalescent leave authorized by medical authorities.
 - (5) Return of Family member(s) to sponsor's household after short term absence to resolve problems at an emergency site.

- (3) Cost for emergency operation need.
- (4) Car payment.

j. Clothing. Assistance may be provided for—

(1) *Uniforms.* Although enlisted Soldiers receive an annual allowance for uniform replacement, assistance can be provided to purchase uniforms lost or damaged as a result of a disaster.

(2) *Civilian clothing.* Assistance can be provided to replace essential items lost in a disaster, or basic essential items needed due to household good delivery delays, and clothing as needed because of weather changes.

k. Fire or other disaster. Assistance in case of fire or other disaster will be provided but will be limited to the amount needed to prevent privation or undue hardship.

l. Privation. Assistance is authorized to prevent privation of a Soldier and Family members for valid causes not otherwise identified above.

m. Travel funds for a permanent change of station. AER does not replace government programs such as movement cost associated with a PCS. However, Soldiers who file for advanced travel pay, and have not received their requested PCS travel entitlements prior to departing the current duty station may request AER funds. Assistance is intended to help the Soldier and Family in this situation meet expenses related to a PCS. Assistance in this category will always be in the form of a loan since AER grants are never given for expenses which will be reimbursed by the government.

n. Repair of heating, ventilation, and air conditioning. The proper maintenance of a personal residence is an individual responsibility. AER assistance may not be used for routine maintenance or repairs that all homeowners must plan for and expect to occur. However, emergency situations occasionally arise which may necessitate consideration of repairs essential to the well-being of the Family. Therefore, assistance of unexpected home repairs for equipment replacement of window air conditioning units, and central heating and cooling units are authorized. Assistance in this category is limited only to the Soldier's primary residence.

o. Purchasing and repairs of stove or refrigerator. AER assistance may be provided to purchase or repair reasonably priced home appliances such as refrigerators and stoves. Assistance is intended to help Soldiers when required to establish a residence or to repair or replace items that may have been damaged through normal usage or a natural disaster, such as a flood.

p. Child car seats. Child car seats, sometimes called child safety seats, are required by law. In the best interest of the child's safety, AER assistance may be provided to purchase a quality car seat that meets Federal Safety Standards.

q. Cranial helmets. Cranial helmets, or remodeling bands, are often a medical necessity for the treatment of moderate to severe head deformities. Cranial helmets, based upon individual situations, are sometimes an authorized category for TRICARE reimbursement. AER assistance is authorized when a helmet has been prescribed by appropriate medical authority, but has not been authorized by TRICARE. All assistance cases for cranial helmets, regardless of dollar amount, must be approved by HQ AER.

r. Dental care for Family members. Limited AER assistance may be provided when a Soldier does not have sufficient funds to cover upfront Family member dental care payments required for treatment or patient's share of charges that are not covered by dental insurance. Payment arrangements can then be made with the dentist for remainder of treatment. Assistance may also be provided for upfront costs when long-term treatment is needed to correct serious dental problems. The below listing identifies procedures for which AER assistance may be authorized. Each request should be considered on an individual basis with emphasis on dental needs necessary for individual health.

- (1) Diagnosis, x-rays, examination, and cleaning.
- (2) Emergency care to alleviate pain.
- (3) Filling of cavities.
- (4) Crowns to include post and core or composite/resin build-ups.

- (7) Extractions.
- (8) Orthodontia to prevent handicaps or disfigurement.
- (9) Sealants.

s. Furniture. AER assistance may be provided to obtain essential and economical furniture, such as bedding, sofa, kitchen table, and cribs. Assistance is for Soldiers establishing an initial household upon PCS or when newly married. Replacement of essential furniture is also authorized when the request is based upon loss of furniture resulting from a natural disaster such as a flood or fire. AER assistance is not to be used for non-essential pieces of furniture such as entertainment centers and TV stands, or to assist with obtaining additional furniture in an established residence.

t. Replacement vehicle. AER does not finance the purchase or lease of a new or used privately owned vehicle. However, for some Soldiers, it may be more financially sound to seek AER assistance for a down payment to obtain a more reliable vehicle than repairing an existing vehicle when the cost of the repairs is higher than verified value of the current vehicle. In determining the value of a vehicle, it is recommended to use the National Automobile Dealers Association website or the Kelley Blue Book website.

u. Rental vehicles. Soldiers on emergency leave or awaiting major repairs of a primary vehicle may obtain AER assistance for a rental vehicle. While need for a specific length of time may vary, assistance should be of a temporary nature (7–10 days). Soldiers requesting AER assistance to obtain a rental vehicle may include funds for rental insurance in their application.

2–12. Categories of unauthorized emergency financial assistance

Unless unusual circumstances exist, AER financial assistance is not authorized for the following reasons:

- a.* Divorces.
- b.* Marriages.
- c.* Education expenses (tuition, room and board, books, and supplies) except as authorized in chapter 6.
- d.* Purchase or lease of new or used privately owned vehicle and costs associated (for example, taxes, registration, insurance, and transportation).

- l.* Continuing assistance.
- m.* Abortion. (No exceptions to policy authorized.) However, when a Soldier or eligible Family member is determined by medical authority to be qualified, under current DA directives, for an abortion at Government expense, and when emergency financial assistance is needed in connection with attendant costs, AER assistance may be provided only when such assistance is essential to meet attendant costs related to treatment or hospitalization in a military facility or to meet attendant costs related to medical treatment of hospitalization and funding under TRICARE. Requests for such assistance must be approved by the garrison approval authority or HQ, AER as appropriate.

Section IV

Administrative Policies

2–13. Coordination with the American Red Cross

a. The ARC provides many valued services to Soldiers and their Families. ARC programs and policies are covered in AR 930–5. A memorandum of understanding exists between AER and ARC that defines the cooperative relationship between these two organizations regarding providing financial assistance to Soldiers and their eligible Family members.

b. The role of the ARC is limited to providing access to financial assistance from AER to Soldiers and their eligible Family members.

c. After duty hours or when more than 50 miles from a military installation, Soldiers may request AER assistance by contacting any ARC Regional Call Center.

2–14. Publicizing Army Emergency Relief

a. One of the Army’s tasks is to inform and encourage all Soldiers to use AER when they have a valid financial need.

b. Success of the AER program depends on the chain of command being aware of AER benefits, informing their Soldiers and their Families, and ensuring access is available through facilities that can provide the assistance. Ensure awareness by—

- (2) Using installation and organization media such as newspapers or daily bulletins.

Chapter 3 Financial Policies

Section I

Overview

3-1. General

All accounting and most financial management activities are consolidated at HQ, AER. However, some financial activities are performed within AER Sections. This chapter prescribes policies relating to those activities. Procedures for implementing these policies are found in HQ, AER implementing guidance, local standard operating procedures, and AER policy memorandums.

3-2. Authorized expenditures and disbursements

The only authorized expenditures and disbursements made by AEROs are for approved financial assistance cases. AER Sections and their AEROs are not authorized to expend or disburse AER funds for any other purposes to include, but not limited to, personnel, administrative, management, and/or fund-raising costs.

Section II

Fiscal Policies

3-3. Funds

- a. AER funds are privately owned funds that are made available to assist Soldiers and their Families during times of need. Therefore, a garrison commander (or equivalent) cannot reprogram AER funds available to them to meet other operational requirements.
- b. Garrison commanders (or equivalents) and AEROs are responsible for all AER monies and negotiable instruments received from any source for any reason. Monies and negotiable instruments include, but are not limited to, funds made available from AER assistance accounts and loan payments and/or donations received at the local AER Section.
- c. Appropriate controls and safeguards will be established to include physical security policies and procedures. Such controls will include—
 - (1) Receipt, issuance, and control.
 - (2) Prompt conversion of cash to a check or money order made payable to AER.
 - (3) Rapid and timely transmission of checks and money orders to the AER central bank or HQ, AER.
 - (4) For money and negotiable instruments awaiting processing, adequate locked overnight secure storage, approved by the local commander.

3-4. Serial numbered forms

- a. Some documents used in the AER program are controlled by serial number, such as AER Forms 50, 51, and 52.
- b. AEROs are responsible for ensuring proper receipt, safeguards, and disposition of all forms associated with AER operations. Responsibility further extends to control and use of the forms while they are in the AER Section.

3-5. Theft, loss, or improper handling of Army Emergency Relief money or controlled forms

- a. Upon receiving information revealing a shortage or improper use of AER funds or controlled forms, the garrison commander of the installation (or equivalent) or organization having the AER Section will—
 - (1) Immediately notify the Director, AER, IMCOM Director, and HQ IMCOM G-9 of the situation including all known information in the report.

(2) Promptly investigate the incident under the provisions of AR 15–6. The investigation procedures identified in AR 215–1 may be used as a guide. Commanders may at any time refer criminal allegations meeting the criteria set forth in AR 195–2 to their local Criminal Investigation Division (CID) office for investigation. Criminal allegations not meeting the established purview of CID should be reported to the local Office of the Provost Marshal or installation law enforcement authority.

b. The garrison commander (or equivalent) initiating the investigation will forward the reports listed below to the Director AER, the IMCOM Director, and HQ IMCOM G–9. The reports will be sent in time to reach the Director, AER, the IMCOM Director, and HQ IMCOM G–9 within 2 months of the date of discovery of loss or improper use. The report will include:

- (1) The report of investigation or board proceedings.
- (2) Command action taken regarding the occurrence and the individuals involved.
- (3) Command action to preclude recurrence of similar events.

3–6. Loan repayments

a. Responsibility. The viability of AER’s assistance program depends on loan repayments. The Soldier (sponsor), not the Family member, is responsible for repayment. As a general rule, repayments for emergency assistance loans normally will begin the month following the date of the assistance check.

b. Reason. Monthly payments should extend over a reasonable period so that the Soldier’s budget will not be unduly strained. Loan repayments normally should be completed within 12 months of the loan and before the Soldier’s ETS.

c. Regular Army Soldiers. Loans to Regular Army Soldiers will be repaid by military pay allotment; use DD Form 2558 to facilitate repayment.

- (1) When assistance is approved, the Soldier must agree to—
 - (a) Repay the loan by military pay allotment.
 - (b) Keep the allotment in effect until the loan is repaid.
 - (c) When the Soldier is retiring, have the allotment carried over and taken from retired pay until the loan is repaid.
- (2) Allotment will provide for initial deduction from Soldier’s pay to start at the end of the month following the date of the assistance check. When starting the allotment within this period will cause a hardship, a delayed allotment starting within 6 months from the date of the loan may be processed.
- (3) For Soldiers in their second or later term of enlistment, the final month of loan repayment by allotment may extend beyond the ETS date if—
 - (a) The individual states intent to reenlist without a break in service.
 - (b) The Soldier’s unit commander indicates no current bar to reenlistment.
 - (4) The allotment request will be processed as specified in other AER publications.
 - (5) The AERO will set up procedures with the local DMPO for notification if an allotment is being terminated before the loan is repaid.

(6) Prior to receiving AER assistance, Soldiers pending separation, board action or within 6 months of ETS, must sign a completed DD Form 139 for subsequent use if appropriate.

d. Retired personnel. Loans to retired Soldiers will be repaid by allotment.

- (1) When assistance is approved, the retiree must agree to—
 - (a) Repay the loan by allotment.
 - (b) Keep allotment in effect until the loan is repaid.
 - (c) Submit completed allotment in accordance with other AER publications.
- (2) Allotment will provide for initial deduction from retiree’s pay to start the end of the month after the loan is made.
- (3) If retiree with valid military retiree ID card has waived all retired pay to receive Veterans Affairs disability and thus cannot repay by allotment, the applicant must sign the promissory note regarding repayment of the loan.

e. Reserve Component Soldiers on active duty. Loans to RC Soldiers on AD for a period of more than 30 consecutive days will be repaid by allotment if such procedures are available through the Defense Finance and Accounting Service (DFAS). If DFAS allotment procedures are not available, the Soldier will be placed on cash billing and must—

- (1) Sign the promissory note to repay the loan before completion of AD.
- (2) Agree that if the loan is not paid by that time, the DMPO may deduct the funds from the Soldier’s final pay. If the Soldier has insufficient funds upon completion of AD, the Soldier must make arrangements to repay the loan (such as cash billing) prior to separation.

f. Soldiers without allotments. When it is not possible for a Soldier to repay an AER loan by allotment, the Soldier must agree to repay the loan by allowing AER to electronically collect payments from the Soldier’s checking or saving account. Therefore, all Soldiers unable to repay their loan by allotment will establish an E-Pay account for loan repayment.

E-Pay does not replace allotments as the primary means of repaying an AER loan. If at any point the Soldier's ability to repay by allotment changes, HQ AER may change the repayment method to ensure the loan is repaid.

g. Repayment by other means. Loan payments may also be made by check or money order for those individuals unable to repay by allotment or E-Pay.

h. Accelerated payments. Soldiers have the right to make additional payments or pay off the balance of their loans early without any prepayment penalty. Soldiers desiring to make such payments can do so by check, money order, or online by creating an E-Pay account.

3-7. Loan collections

a. As directed by HQ, AER, action will be promptly taken to collect from individuals who fail to meet their repayment terms until—

(1) The loan is repaid.

(2) The loan balance is determined to be uncollectable. Loans may be declared uncollectable for a number of reasons to include:

(a) Repayment would cause undue hardship.

(b) Death of the Soldier.

(c) Failure to pay after a reasonable time. For these cases, HQ, AER reserves the right to turn these accounts over to a third party collection agency and/or pursue other recourses to effect payment of the loan.

b. All reasonable efforts will be made to collect from a borrower.

3-8. Processing delinquent loans

a. AER sections will recommend by submitting an AER Form 800 or 800-1, through their command, to HQ, AER, for those loans that require a balance adjustment due to death of a member or for hardship reasons.

b. For Soldiers who have died, been dishonorably discharged, discharged under other than honorable conditions or dropped from the rolls as a deserter, sections should complete only parts I and III of AER Form 800 and forward to HQ, AER. HQ, AER retains final approval authority for all requests.

Section III

Administrative Policies

3-9. Central bank

a. AER uses a single central bank account. AER sections will not establish local bank accounts in AER's name using AER's tax identification number.

b. Sections should follow procedures published by HQ, AER in HQ, AER implementing guidance regarding which monies should be deposited in the central bank account and which should be sent to HQ, AER.

c. Sections must initiate appointment orders and signature cards for those individuals authorized to sign assistance checks.

d. Except for actual money deposits, all other communication regarding central bank operations must be sent directly to HQ, AER. It is important that nothing other than the deposit slip and corresponding money deposits be included in the envelopes sent to the central bank.

3-10. Installation clearance

a. Senior commanders are responsible for ensuring that Soldiers clear AER, upon PCS or separation, as part of the installation clearance activities.

b. AEROs are responsible for establishing and maintaining procedures for clearing Soldiers through AER.

(1) If a Soldier is pending a PCS, ensure that satisfactory arrangements are in place for continual payment of a loan balance (for example, allotment or monthly cash payments as appropriate).

(2) If the Soldier is transitioning, other than PCS or retiring, ensure they pay their AER loan balance or that a DD Form 139 is submitted to the DMPO and a signed copy of AER Form 400 given to the Soldier prior to clearance.

(3) For Soldiers who are retiring, their allotment is automatically transferred to their retired pay.

Chapter 4 Audits

4-1. Audits

a. Audits of garrison AER sections are not considered a review of AER as a private organization. Rather, the garrison AER section audit is a review of the garrison commander's (or equivalent's) execution of the AER program in accordance with this regulation and AR 11-2. Therefore, the provisions of AR 11-7 regarding the use of internal review assets to review private organizations does not apply.

b. There are two types of audits, regular and special. All audits will be conducted by an installation internal review staff auditor. In the event internal review auditors are not available, a disinterested person who is a qualified financial or audit professional with appropriate experience may be used. Audits will be conducted using the AER audit checklist (AER Form 56) located at appendix B and contained in HQ, AER implementing guidance.

c. Audits will be based on administrative and accounting requirements of this regulation, AR 11-2, HQ, AER implementing guidance, and other AER policy memorandums.

d. The use of the AER section audit program and its audit checklist, located at appendix B and published by AER in HQ, AER implementing guidance, identifies the program's key internal controls and provides managers a tool to evaluate the effectiveness of those controls.

e. The AER audit checklist is available to the commander at appendix B, from the AERO, or by requesting an electronic copy from HQ AER via an email to aer@aerhq.org.

4-2. Regular audits

a. A regular audit of each AER section will be conducted annually for the 12 month period ending 31 December.

b. Regular audits will be conducted using AER audit checklist (AER Form 56). The checklist with enclosures, will be sent through the senior commander, garrison commander, or equivalent, and IMCOM Director to reach the Director, AER, by 15 April of the year following the calendar year. A courtesy copy of the report will be provided to HQ, IMCOM G-9.

(1) The commander of a garrison or organization with an AER section will indicate action(s) taken on all comments and recommendations made in the audit. Actions taken to preclude recurrence of discrepancies will be stated.

(2) Garrison Commander (or equivalent)s will endorse the report indicating:

(a) Acceptability of actions taken.

(b) Additional actions that may have been directed.

4-3. Special audits

a. Special audits will be conducted using AER audit checklist (AER Form 56) upon the—

(1) Loss or suspected loss of funds (initiated by the garrison commander (or equivalent) responsible for AER section) and will be conducted for the period beginning the day after the through date of the last audit period through the last day of the month in which the loss or suspected loss is discovered.

(2) Closure of an AER section (initiated by the garrison commander (or equivalent) responsible for AER section per instructions from Director, AER).

(3) Request of the Director, AER.

(4) Request by Commander, U.S. Army IMCOM.

(5) Decision of the garrison commander (or equivalent).

(6) A special audit is required when there is a change of AEROs and will be conducted for the period beginning the day after the through date of the last audit period through the last day of the month prior in which the change in AER office occurs.

b. For special audits, the AER audit checklist with enclosures will be sent in the same manner as regular audit reports through the senior/garrison commander (or equivalent) and IMCOM Director to reach the Director, AER, 90 calendar days after the ending date of the audit with a courtesy copy provided to HQ, IMCOM G-9.

A separate annual campaign is conducted within the Army since AER is in effect the Army's own nonprofit and exists solely to help Soldiers and their immediate Families. The AER campaign is authorized by AR 600–29 and will be conducted under general principles of voluntary giving outlined therein and under the specific requirements contained in this regulation.

- a.* Purposes of the annual AER campaign are to—
 - (1) Fully inform 100 percent of all Soldiers (active and retired) and their Family members, including spouses and children of deceased Soldiers, about the types of financial assistance available from AER.
 - (2) Provide the opportunity for Soldiers to make donations to AER to help their fellow Soldiers.

 - (c)* Each individual will have the option of disclosing or keeping his or her contribution confidential.
 - (5) Base the campaign on voluntary contributions. Assure that each active duty and retired Soldier, if possible, is given the opportunity, through on-the-job solicitations and other fundraising events, to contribute voluntarily under policies and procedures in this regulation. Practices that involve compulsion, coercion, or reprisal of Soldiers because of the size of their contributions or their failure to contribute are prohibited.
 - d.* Awards and rewards are as follows:
 - (1) No awards or rewards initiated within the Army will be made to individual solicitors for achievements in a fund drive. Comments on efficiency reports, plaques, passes, training holidays, relief from guard duty or details, and all other incentives or rewards to those who contribute to fund drives likewise are not permitted. Also, awards from higher HQs to their subordinate units or their commanders for goal accomplishment or percent of participation will not be used.

 - (3) Use of a “thermometer” is appropriate, at installation level, but it will show only the progress of the entire installation toward the installation goal (if one has been established) or the installation’s total contribution. Unit contributions will not be indicated in any manner.
 - f.* Individuals ineligible for AER assistance should not be solicited, but those who desire to contribute should be given that opportunity. Details concerning online contributions, either by allotment or credit card, may be found on the AER website, www.aerhq.org/.
 - g.* Special fund raising events, such as marathons, walk-a-thons, car washes, sports events, carnivals, and bake sales, as deemed suitable by the commander concerned, may be used to raise money for AER. Conduct of such events should be guided by good taste and common sense.
