### Section II
Selection Process

#### 2–3. Selection process
The CNGB for ARNGUS and/or ARNG Soldiers and CG, HRC for USAR Soldiers will consider applicants for initial entry or subsequent reentry into the AGR Program, following a break in either status. Validated applicants will be placed on a list of Soldiers eligible and available for active duty or FTNGD in AGR status. If the application is selected, requests for waivers will be forwarded through the Soldier’s Army command for endorsement and recommendation to the approving authority. Such requests must be approved before accession into the AGR Program.
a. CNGB, is the proponent for the ARNG AGR accession process. As such, in the accession process, CNGB will develop and implement policies and procedures for the efficient management of the selection process.

b. CG, HRC in conjunction with the CAR, are the HQDA proponents for the USAR AGR accession process. As such, in the accession process, they will develop and implement policies and procedures for the efficient management of the selection process.

c. USAR Soldiers selected for entry to the AGR Program will be ordered to active duty under the provisions of 10 USC 12301(d) for an initial probationary period of 3 years. The active duty orders of USAR Soldiers selected for assignment under the provisions of 10 USC 10211 or 10 USC 10302(h) will reflect both 10 USC 12301(d) and 10 USC 10211 or 10 USC 10302(h) as authority for active duty.

d. Former AGR Soldiers who are selected to reenter the program will start a new initial 3-year tour.

e. Names of Soldiers who are recommended for AGR assignment will be retained on the approved recommended list until one of the following actions occurs:

   1. One year has lapsed since applying.
   2. They are ordered to active duty.
   3. They request their name be removed from the list.

f. An applicant who HRC determines has refused a valid assignment may—

   1. Be removed from the list if the Soldier does not provide a valid reason for refusing the assignment. Valid reasons for refusing an assignment may be but are not limited to a temporary medical condition or a currently deployed/mobilized Soldier.

   2. Be moved to the bottom of the list if a valid reason exists for being unable to report in a time period for the assignment.

   3. Be programmed for the next assignment for which qualified, if an issue of short duration beyond the control of the Soldier exists and the assignment reporting date cannot be extended.

g. HRC may authorize special accession panel procedures to consider Soldiers to fill specific vacancies when the following occurs:

   1. The approved HRC panel list does not contain the name of an eligible Soldier in the required MOS and grade.

   2. There is no eligible Soldier currently in the AGR Program available for reassignment to that vacancy.

2–4. Accession policy

a. Orders will be published according to guidance issued by CNGB (ARNGUS and/or ARNG Soldiers) and CG, HRC (USAR Soldiers) and in accordance with the appropriate prescribed format in AR 600–8–105.

b. CNGB (ARNGUS and/or ARNG Soldiers) and CG, HRC (USAR Soldiers) will publish orders placing personnel on active duty AGR status.

c. The CNGB and Office of the Chief, Army Reserve (OCAR) will establish, by grade and skill, the maximum number of Soldiers that may enter the AGR Program each year based on statutory and budgetary constraints.

d. USAR enlisted Soldiers promoted prior to AGR entry may be considered for AGR duty at the higher grade without further board action, consistent with the needs of the AGR Program. Soldiers are required to furnish a copy of promotion orders to HRC before consideration at the higher grade. Advancement prior to AGR entry does not guarantee availability of an AGR position and may result in the Soldier not being offered an AGR position.

2–5. Length of periods of active duty or full-time National Guard duty

a. AGR Soldiers will be ordered to active duty (10 USC) or FTNGD (32 USC) for an initial 3-year period. AGR Soldiers on a one-time occasional tour will be discharged at the end of their current order.

b. Soldiers who do not achieve an acceptable level of performance during their initial AGR probationary period may be released in accordance with chapter 5. Subsequent periods of duty for AGR Soldiers, will be for an indefinite period as limited by the earlier of the Soldier’s expiration term of service, RCP, or MRD, unless sooner under other provisions of NGR 600–5, AR 135–178, AR 135–175, AR 600–8–24 or AR 635–200.

c. ARNGUS and/or ARNG Soldiers will REFRA or be discharged only under the provisions of AR 600–8–24, AR 635–200, or NGR 600–5, respectively. Subsequent periods of active duty for AGR Soldiers will be for an indefinite period as limited by the earlier of the Soldier’s expiration term of service, RCP, or MRD, unless sooner released from active duty under other provisions of AR 600–8–24, AR 635–200, or NGR 600–5.

d. USAR AGR Soldiers will REFRA or be discharged only under the provisions of AR 600–8–24 or AR 635–200 respectively. Subsequent periods of active duty for USAR AGR Soldiers will be for an indefinite period as limited by the earlier of the Soldier’s expiration term of service, RCP, or MRD, unless sooner released from active duty under other provisions of AR 600–8–24 or AR 635–200.
e. An AGR Soldier who accepts continuation of active duty in the AGR Program is subject to involuntary reassignment or reattachment when the needs of the Army dictate.

2–6. Qualifications for continuation on active duty in the Active Guard Reserve Program

After initial entry or re-entry into the AGR Program, and while serving on active duty or FTNGD, ARNGUS Soldiers serving in 32 USC status not serving on a one-time occasional tour, will be considered for active duty continuation prior to the issuance of subsequent assignment orders. Prior to the issuance of subsequent active duty orders, retention criteria will be based on table 2–1 or 2–4.

2–7. Military justice

a. Refer to AR 27–10 for guidance on the administration of the Uniform Code of Military Justice (UCMJ) for Title 10 USC AGR personnel.

b. ARNG personnel serving on FTNGD under Title 32 USC are not subject to the administration of the UCMJ, but are subject to any code of military justice established by their State.

c. AGR Soldiers may be only involuntary retained past their current tour if pending court martial. Any such extensions must be completed pursuant to the provisions of AR 135–200, chapter 7. AR 27–10, paragraph 20–4 also provides guidance on extending RC Soldiers on active duty.
Chapter 3
Utilization

Section I
Functions and Requirements

3–1. Authorized Active Guard Reserve duties
Personnel in the AGR Program will serve in modified table of organization and equipment (MTOE) or table of distribution and allowance (TDA) positions for the purpose of organizing, administering, recruiting, instructing, or training the RC. The RCs of the Army are the ARNGUS and the USAR. These duties, assignments, and attachments are based on law as follows:
   a. ARNGUS—
      (1) Officers serving under 10 USC 10211, 10302(h), and 12402 are attached at the seat of Government, at headquarters responsible for Reserve affairs, on the Army Staff, or at NGB. They actively participate in the formulation, coordination, and administration of policies, plans, programs, and regulations pertaining to the RCs of the Army. These Soldiers serve in a Federal status.
      (2) Officers and enlisted personnel ordered to active duty in an AGR status under 10 USC 12301(d) are attached to positions at all levels related to organizing, administering, recruiting, instructing, or training the RCs of the Army.
   b. USAR—
      (1) Officers serving under 10 USC 10211, 10302(h), and 12402 are assigned at the seat of Government, at headquarters responsible for Reserve affairs, on the Army Staff, or OCAR. They actively participate in the formulation, coordination, and administration of policies, plans, programs, and regulations pertaining to the RCs of the Army. Officers and enlisted personnel ordered to active duty in an AGR status under 10 USC 12301(d) are assigned to positions at all levels related to organizing, administering, recruiting, instructing, or training the RCs of the Army.
      c. When serving on active duty ARNGUS and USAR authorized duties under 10 USC 12310(b) may include the following to the extent that the performance of those duties does not interfere with the performance of the Reserve’s primary Active Guard and Reserve duties:
         (1) Supporting operations or missions assigned in whole or in part to RCs.
         (2) Supporting operations or missions performed or to be performed by a multicomponent unit or a joint forces unit that includes one or more RC units, or a member of a RC who is assigned or attached to a position in an element of the joint forces unit.
         (3) Advising the Secretary of Defense (the Secretary of the military departments), The Joint Chiefs of Staff, and the combatant commanders regarding RC matters.
         (4) Instructing or training in the United States or the Commonwealth of Puerto Rico or possessions of the United States of—
            (a) Active-duty members of the armed forces;
            (b) Members of foreign military forces (under the same authorities and restrictions applicable to active-duty members providing such instruction or training);
            (c) Department of Defense contractor personnel; or
            (d) Department of Defense Civilian employees.
      d. Pursuant to 10 USC 12310(c), while assigned to a RC weapons of mass destruction civil support team, personnel ordered to active duty in an AGR status under 10 USC 12301(d), may perform duties in support of emergency preparedness programs to prepare for, or to respond to, any emergency involving the use or threatened use of a weapon of mass destruction; a terrorist attack or threatened terrorist attack in the United States that results, or could result, in catastrophic loss of life or property; the intentional or unintentional release of nuclear, biological, radiological, or toxic or poisonous chemical materials in the United States that results, or could result, in catastrophic loss of life or property; or a natural or manmade disaster in the United States that results in, or could result in, catastrophic loss of life or property.
      e. ARNGUS Soldiers serving on active duty within the AGR Program under the provisions of 32 USC 502(f)(2) are in positions related to organizing, administering, recruiting, instructing, or training the ARNGUS. These personnel serve in a State status on FTNGD.

3–2. Identification and requirements for Active Guard Reserve positions
   a. Commands, headquarters, and agencies responsible for USAR AGR matters must identify and justify requirements for USAR AGR positions per approved manpower requirements determination procedures under the provisions of AR 570–4 and appropriate sections of 10 USC with respect to use. Requirements will be submitted to HQDA through force
integration channels and documented in The Army Authorization Documents System (TAADS). Remarks code 92 and 89 will denote USAR AGR positions and NGB positions respectively.

b. Requests for new or changed requirements will be incorporated into the Planning, Programming, Budgeting, and Execution (PPBE) System. Commands, headquarters, and agencies will develop a management decision package (MDEP) that supports their requested USAR AGR requirements. It will be submitted in their command Program Analysis Resource Review. MDEPs will compete in the HQDA program objective memorandum cycle under the sponsorship of the functional HQDA staff proponent.

c. The CAR will consolidate, and coordinate all funded MDEPs for USAR AGR requirements and prepare the budget request.

d. 10 USC 12402 provides for ARNGUS officers to serve on active duty in the NGB. The number of officers of the ARNGUS in grades below brigadier general who are ordered to active duty in the NGB may not be more than 40 percent of the number of officers of the Army authorized for duty at the NGB.

3–3. Job descriptions of Army Reserve Active Guard Reserve Soldier positions

a. A job description will be maintained for each approved position, except for full-time staff unit-level positions, to identify the unique purpose and function of that AGR position. The organization with the position must submit and prepare a job description on DA Form 5648 (AGR Job Authorization (Request/Change)) to OCAR (DAAR – FTS) for approval. Ensure each job description is dated and contains the TDA/MTOE identification information.

(1) Positions must be essential to organizing, administering, recruiting, instructing, or training the RC.

(2) For the purpose of serving at the seat of the Government, and at headquarters responsible for Reserve affairs, to participate in preparing and administering the policies and regulations affecting the RCs.

(3) For the purpose of serving on the Army Staff.

b. DA Form 5648 will be used for preparing job descriptions. Each job description will be dated and will be consistent with those authorized for the AOC/MOS.

c. Job descriptions will be made available on request, for inspection or review by inspectors general or higher headquarters.

d. Agencies receiving space authorizations for previously approved requirements will prepare documentation necessary to add new positions to their TDA/MTOE per AR 71–32. TDA and MTOE documentation must be approved by the appropriate chain of command approval authority and supported by space authorizations and senior grade level ceiling restrictions. Full-time staff position requirements developed for USAR unit support are to conform to the standards developed in AR 135–2. As a minimum, requests must include the following:

(1) Position title.

(2) Unit or agency name and unit identification code.

(3) Geographic location of duty position.

(4) Budget category.

(5) Authorized grade(s).

(6) AOC/MOS.

(7) Number of positions authorized.

3–4. Use of Active Guard Reserve Soldiers

It is intended that the headquarters and agencies concerned will benefit from AGR Soldiers possessing current experience and knowledge of the characteristics and operations of the ARNG or USAR. AGR Soldiers will participate actively in the formulation, coordination, administration, and implementation of policies, plans, programs, and regulations pertaining to the ARNG or USAR or within the agency’s area of responsibility. AGR Soldiers will not be used to make-up for actual or perceived shortages in the Regular Army or civilian personnel. This does not preclude the use of AGR Soldiers for additional roster-type duties in the organization concerned.

a. The CAR in conjunction with the CG, HRC has responsibility for AGR Soldiers and the operation of the AGR Program for the USAR. The CAR (DAAR – FTS) will take appropriate action to disestablish or change positions not properly utilized. The CNGB has responsibility for AGR Soldiers and the operation of the AGR Program for the ARNGUS.

b. Commanders and agency heads will—

(1) Define missions and functions requiring support by AGR Soldiers.

(2) Prepare the necessary budget requests for the support of the AGR Program. This includes funds for mission-related TDY, clerical, and administrative support.

(3) Prioritize approved and projected AGR positions.

(4) Ensure that AGR Soldiers are assigned properly per approved priorities and used per this regulation.

(5) Request TDA/MTOE changes to reflect current authorizations and use.
(6) Establish policies and procedures to continually monitor and review the use of AGR Soldiers per this and other applicable regulations.

  c. Supervisors will—
    (1) Provide operational and technical supervision for AGR Soldiers.
    (2) Seek advice from AGR Soldiers on RC matters.
    (3) Assign responsibilities, duties, and tasks to AGR Soldiers based on the Soldiers’ position descriptions and needs of the organization.
    (4) Initiate changes needed to support revised RC programs, policies, and priorities.
    (5) Budget for AGR TDY costs.

d. The OCAR (DAAR–FTS) will identify positions that will be designated as USAR advisers to Regular Army elements. The USAR advisers’ mission is to provide timely USAR advice and perspectives to the commander or agency head on a wide range of issues affecting the USAR. The unit of assignment has responsibility for operational and technical supervision of advisers on a day-to-day basis.

e. The USAR adviser is responsible for facilitating the timely flow of USAR related information. Advisers may coordinate directly with the CAR, their staff, commanders, and other USAR advisers on USAR-related matters.

f. USAR AGR Soldiers will be integrated into the unit structure to perform USAR functions and missions per this regulation.

g. Commanders and agency heads at all levels are encouraged to use inspectors general and other appropriate review and inspection means to examine the use and the welfare of AGR Soldiers.

h. Supervisors will clearly annotate on the AGR Soldiers’ support form and officer evaluation report/noncommissioned officer evaluation report those tasks that were performed that directly supported the Soldiers’ RCs.

Section II
Assignments, Reassignments, and Details

3–5. General

  a. The needs of the ARNG and USAR, as established by the CAR for USAR AGR Soldiers, in conjunction with CG, HRC and the CNGB respectively, are the main consideration in selecting Soldiers for assignments and reassignments. Some examples of programs that consideration will be given to are the following:

    (1) AGR Program requirements and annual AGR Program budget approval (program end strength).
    (2) Position requirements.
    (3) Successive reassignments to positions of increased responsibility, when possible.
    (4) Married Army Couples and Joint Domicile Programs. Refer to AR 614–100 and AR 614–200 for these programs.
    (5) Compassionate reassignment.
    (6) Current Army stabilization or reassignment programs to include terminal assignment considerations.
    (7) The potential unit of assignment requests, in writing, that the Soldier not be assigned to the unit when the unit believes that the Soldier does not possess the necessary qualifications to perform the job or for other cogent reasons. Complete justification must be provided which will be reviewed on a case-by-case basis.

  b. Nominative assignments will be recommended by the CAR or CNGB against specifically identified positions. The potential unit or agency of assignment will accept or reject the nominated Soldier. Rejections must be explained in writing.

  c. Soldiers’ request for deletion or deferment from assignments must be forwarded through the chain of command.

    (1) Within 30 days of receipt of the orders, or
    (2) Within 30 days from when the Soldier became aware of the reasons for deletion or deferment from the assignment.

  d. Realignments, regardless of unit identification code, constitute a reassignment from one duty position to another. The CG, HRC will update the Active Guard Reserve Management Information System (AGRMIS) and publish orders formats 440 or 452, as appropriate.

    e. Only one PCS is authorized within a fiscal year unless needs of the Army dictate a PCS move, a unit is inactivated, or the agency with the position is moved and there is no other appropriate assignment available in the same geographic area. DODI 1315.18 and AR 614–30 contain some examples of reasons for PCS in the same fiscal year.

    f. A terminal tour assignment allows the Soldier the opportunity to serve in a position located near a designated home of retirement. Such an assignment is encouraged as much as possible within Army requirements and the effective use of personnel and funds. However, reassignment within the continental United States will not be made solely for retirement purposes. Soldiers who desire assignment consideration for a terminal tour that will precede retirement should indicate their preference of duty station in the comments section on DA Form 4187 (Personnel Action). A minimum of 24 months remaining time in service is required upon arrival at new duty station to be eligible for assignment within the continental United States. If the Servicemember is currently serving an overseas tour, a completed prescribed overseas tour is required.
3–6. Duty assignments and attachments
Reassignments and reattachments are a necessary function of effective career management.
   a. AGR personnel managers will consider each AGR Soldier for assignment or attachment to progressively more responsible positions.
      (1) Soldiers serving in the AGR Program under 10 USC status may be reattached or reassigned on a worldwide basis.
      (2) Reassignments or subsequent attachments will be considered as the needs of the Army dictate. Priority may be given to voluntary requests for reassignments or subsequent attachments that meet the needs of the Army.
   b. CNGB and CG, HRC will establish guidelines to constrain PCS costs at the minimum essential level necessary to accomplish the objectives of the AGR Program. AGR Soldiers will normally be reassigned subsequent attachments in conjunction with—
      (1) Service school attendance.
      (2) Promotion.
      (3) Completion of a normal outside the continental United States assignment or attachments as prescribed in AR 614–30.
      (4) Force structure changes resulting in the loss of an authorization.
   c. ARNGUS Soldiers on FTNGD under 32 USC 502(f) may not be assigned for duty at the seat of Government; at headquarters responsible for Reserve affairs; on the Army Staff; NGB; Regular Army agencies, headquarters, or units (to include any other HQDA agencies), or FOAs.
   d. AGR Soldiers serving in positions for which they are over-graded and those pending promotion will be subsequently attached or reassigned to positions commensurate with their grade.
   e. AGR Soldiers are subject to the Regular Army assignment guidance of AR 614–100 (officers) and AR 614–200 (enlisted Soldiers).
   f. Soldiers who experience the death of a spouse or child are automatically stabilized for a period of not less than 12 months. Once stabilized, Soldiers may request to extend their stabilization period to 24 months or to terminate their stabilization at any time. Soldiers must make extension or termination requests in writing through their chain of command to the Commander, U.S. Army Human Resources Command, 1600 Spearhead Division Ave, Fort Knox, KY 40122.
   g. As a condition of future or continued employment within the 10 USC AGR Program, CNGB may require a respective AGR Soldier to serve on tour(s) of duty under the 32 USC AGR Program within a State for career development or for the needs of the Army. These command directed reassignments or career development positions are on approved ARNGUS MTOEs and/or TDAs. Prior to assignment to a tour of duty under the 32 USC AGR Program, the CNGB must provide the Soldier and the gaining organization, under the 10 USC AGR Program, the Soldier’s specific follow-on assignment within the 10 USC AGR Program.

3–7. Duty details
   a. AGR details are as follows:
      (1) The first general officer in a Soldier’s chain of command, may detail by memorandum, an AGR Soldier for less than 180 days by informing and coordinating with the Army command, Army service component command, or direct reporting unit, as appropriate. The coordination must be in writing and within a local commuting distance.
      (2) CNGB; CG, U.S. Army Reserve Command; or their designees are the only agencies that can detail more than 180 days.
      (3) The local commands will use the interactive personnel electronic records management system (iPERMS) to submit a copy of the memorandum of detail for all details over 30 days for inclusion in the Soldiers AMHRR.
      (4) The location to which the Soldier is to be detailed will be within commuting distance according to the Joint Travel Regulation.
      (5) The commander who details an AGR Soldier is responsible for providing either transportation or reimbursement for travel expenses when the detailed duty station is different from the duty station, as authorized by applicable finance regulations and the Joint Travel Regulation.
      (6) Colonels, promotable lieutenant colonels, chief warrant officers five, promotable chief warrant officers four, command sergeants major, sergeants major and promotable master sergeants will not be detailed for any period without the prior coordination and approval by CNGB or CAR.
      (7) The Soldier must perform RCs related tasks/functions during the entire length of the detail.
      (8) If detail is for 90 days or more, an officer evaluation report/noncommissioned officer evaluation report is required.
   b. Any variation to the above stated policy must be requested and submitted to CNGB or CG, U.S. Army Reserve Command for approval.
3–8. Presidential call to active duty or mobilization
   a. USAR AGR Soldiers are members of the Selected Reserve and as such may be involuntarily ordered to active duty under a Presidential Reserve Call-up (10 USC 12304), partial (10 USC 12302), or full mobilization (10 USC 12301(a)).
   b. The SECARMY may involuntarily mobilize any unit of the Selected Reserve under the authority of 10 USC 12304b. USAR AGR Soldiers will mobilize with their unit of assignment.
   c. 10 USC AGR ARNGUS Soldiers may be recalled by their State for assignment to a unit for mobilization.

Chapter 4
Professional Education, Evaluation, and Retention

Section I
Professional Education

4–1. General
   a. AGR Soldiers require professional development that provides progressively more responsible duty assignments or attachments and maximum use of military schooling. A well-managed program with opportunities for military education, progressively responsible assignments or attachments, and timely promotion is essential to attract and retain qualified personnel.
   b. The OES, WOES, and NCOES are integral parts of the RCs promotion system. Soldiers in the AGR Program must have opportunities for continuing military education. AGR Soldiers are eligible to attend professional development, skill qualification, MOS reclassification, and refresher courses at accredited U.S. Army Training and Doctrine Command (TRADOC) and other services’ approved schools. Personnel managers should identify those Soldiers qualified for schooling and schedule their attendance in consonance with management and school selection policies and this regulation.
   c. CNGB and CAR will plan, program, and budget for a sufficient number of OES, WOES, and NCOES courses in a residence status to satisfy a portion of the AGR Program requirements. Equivalent nonresident school attendance is authorized for AGR Soldiers pursuant to operational requirements.

4–2. Required military training
AGR Soldiers must complete the same training prerequisites for promotion and AOC/MOS qualification that are required of other Soldiers of the USAR as prescribed in AR 135–155 and AR 600–8–19. To the extent possible, AGR Soldiers will attend these courses in residence. However, each Soldier must coordinate with their AGR personnel manager to ensure that these requirements are accomplished in a timely manner through nonresident means when Soldiers cannot attend resident training courses.
   a. CNGB is the approval authority for ARNG AGRs.
   b. For Army Reserve AGRs, HRC is the decision authority as to whether a Soldier will attend a school that is also offered in a traditional RC blend of distance learning and resident phase vice a school where resident attendance is expected (that is, Captains Career Course).
   c. Resident verses nonresident course attendance varies based on several factors not limited solely on Soldier hardship (for example, funding, career development, promotion timing and others). Personal choice and/or convenience of the Soldier is not a deciding factor.
   d. AR 350–1 outlines training requirements.

4–3. Quotas and funding for resident training courses
   a. The OCAR will project requirements, obtain quotas, initiate budget requests, and conduct selection boards as appropriate for the following courses:
      (1) Senior service colleges (SSCs).
      (2) Logistics Executive Development Course and other equivalent level management courses.
      (3) ILE and equivalent level courses (resident courses only).
      (4) Sergeants Major Academy.
      (5) NCOES (resident or distance learning courses).
   b. The CG, HRC in coordination with the OCAR and the appropriate command, will project requirements, obtain quotas, initiate budget requests, and select Soldiers to attend the following resident courses:
      (1) Officer advanced courses.
      (2) Basic leader course.
(3) All other officer and enlisted courses of instruction requiring a PCS.
(4) Other courses of 30 days or more duration that provide professional development for AGR Soldiers.
(5) Resident courses of instruction, regardless of length, if the training is a prerequisite for attachment to a specific AGR position or to qualify an AGR Soldier in another AOC/MOS for the purpose of retention in the AGR Program.
   c. The CG, HRC in coordination with OCAR, will establish and publish selection procedures to be used for all resident courses in paragraph 4–3.
   d. CG, HRC will notify eligible Soldiers of the procedures and dates to apply.

4–4. Permanent change of station and non-permanent change of station courses
When a Soldier is attached to a resident course, the following will occur:
   a. The CG, HRC or CNGB will publish the attachment orders.
   b. Resident courses of 139 days or less are non-PCS courses. When a Soldier attends a resident course, in a TDY status, the following will occur:
      (1) CG, HRC and CNGB will publish orders for Soldiers selected to attend non-PCS courses.
      (2) AGR Soldiers will remain attached to their normal AGR position while attending non-PCS courses. The CG, HRC will determine when Soldiers attending courses in connection with a PCS are to be attached to the gaining unit. AGR Soldiers may be attached to an individual’s account per current Department of the Army (DA) guidance.

4–5. Appointment as a commissioned or warrant officer
   a. AGR Soldiers may not apply for Officer Candidate School under AR 140–50, but may request appointment as commissioned or warrant officers under AR 135–100. Additionally, officers appointed into the Army Medical Department must meet the provisions of AR 135–101.
      (1) The application will specifically state whether or not the Soldier desires a concurrent AGR attachment in the new grade on commission if the appointment is made.
      (2) If a concurrent AGR attachment is the condition for accepting a commission or appointment, the application will not be processed unless a vacancy or projected vacancy exists for the timeframe of commission or appointment. The vacancy must be in the proper AOC/MOS and grade, and a qualified AGR Soldier or applicant must not be projected for that vacancy.
      b. On appointment as a commissioned or warrant officer, Soldiers will be discharged from their former USAR status. With their consent, these Soldiers may be concurrently ordered to active duty in an AGR status in their new grade. Once appointed—
         (1) Board action is not required for the officer to remain in the AGR Program in the new grade. However, the Soldier will start an initial 3-year tour in the new status, even if previously selected for continuation in their former status.
         (2) Soldiers may be re-attached to a different command or agency at the time of appointment.
         (3) Soldiers may request release from the AGR Program to be concurrent with their appointment.
      c. Appointment as warrant officer with a concurrent order to active duty in the new grade will be made.

4–6. Senior service colleges and intermediate level education
   a. AGR officers will be selected for ILE and SSC courses by boards (USAR) or panels (ARNGUS). Zones of consideration and application procedures will be announced annually. The CNGB will approve memorandums of instructions for ILE and SSC selection.
   b. Boards convened to consider candidates for resident SSC courses will also consider applicants for the Army War College Distance Education Program.
   c. AGR officers may complete ILE courses through web-based courses if not selected for resident attendance.

4–7. Officer service school courses
   a. The CNGB and CAR will plan, program, and budget for a sufficient number of Service school seats to satisfy AGR Program requirements.
   b. AGR commissioned and warrant officers will attend the initial branch advanced courses in residence. The preferred method for other skill producing courses is resident training. Exceptions may be made by CNGB and HRC when mission requirements or other factors make it impractical for an officer to attend resident instruction.

4–8. Reserve Component courses
   a. AGR Soldiers assigned to duties related to recruiting or retention will complete courses programmed and funded by NGB and OCAR. USAR recruiters will attend courses prescribed by the U.S. Army Recruiting Command. AGR Soldiers assigned or attached to units of the Selected Reserve are required to attend appropriate instruction and additional processing
at the: National Guard Professional Education Center, Camp Robinson, Arkansas, for ARNGUS Soldiers; and Army Reserve Readiness Training Center, Fort McCoy, Wisconsin, for USAR Soldiers.

b. AGR Soldiers assigned or attached to Selected Reserve units as operators or maintenance personnel of new or displaced equipment will be scheduled for training by commanders and personnel managers. Soldiers will attend the appropriate Service school course or other training approved by TRADOC in conjunction with reassignment or reattachment when possible.

Section II
Evaluation and Retention

4–9. Evaluation
The AGR Soldiers will be integrated into their assigned or attached organization’s officer evaluation report rating scheme based on position, or duty and chain of command. Evaluations will be processed in accordance with AR 623–3 and DA Pam 623–3.

4–10. Retention in the Active Guard Reserve program
The RC has a continuing need to retain qualified Soldiers in the AGR Program. Eligible Soldiers should be encouraged to remain in AGR service. The provisions of this paragraph do not apply to AGR Soldiers serving on occasional tours unless the Soldier is continued on active duty immediately subsequent to the tour and, therefore, enters into career status.

a. At the end of the initial probationary period, ARNGUS and/or ARNG AGR Soldiers who are not disqualified for subsequent service and satisfy continuation requirements as determined by NGB will remain on active duty or FTNGD under paragraph 2–6.

b. At the end of the initial probationary period, USAR AGR Soldiers who are not disqualified under table 2–3 will remain on active duty under paragraph 2–6, unless on a one-time occasional tour.

c. The subsequent period of active duty will commence immediately on expiration of the probationary period.

d. AGR Soldiers who do not possess the qualifications for continued service within the AGR Program will be released from active duty or FTNGD, or discharged, under the regulatory provisions listed in paragraph 5–1.

e. Procedures for issuing orders for subsequent periods of active duty or FTNGD in an AGR status are detailed within paragraph 2–6.

f. AGR officers covered by the retention provisions of 10 USC 12646(e) will be retained on active duty or FTNGD until completion of a minimum of 20 years of qualifying service for retirement under 10 USC 3911, unless release is voluntary or approved by the SECARMY.

g. AGR Soldiers covered by the retention provisions of 10 USC 12686 will be retained on active duty until completion of a minimum of 20 years of qualifying service for retirement, unless release is voluntary or approved by the SECARMY.

h. AGR officers who will be eligible by age (60 or a reduced age) and years of service to immediately receive non-regular retired pay, but who have not yet attained their statutory MRD for age, and desiring to continue service in the AGR Program past the date they are eligible to begin receiving non-regular retired pay, may request the SECARMY retain them pursuant to 10 USC 12308. Requests for retention must be routed through the NGB (NGB–ARH) to the DCS, G–1, (DAPE–MP) (for ARNGUS); and through the unit of assignment and CG, HRC to the DCS, G–1 (DAPE–MP) (for USAR).

4–11. Active Guard Reserve life cycle (career status) management

a. AGR commissioned and warrant officers will be managed to MRD or RCP under policy promulgated by the ASA (M&RA).

(1) Time in grade requirements for retirement purposes will be in accordance with the provisions of 10 USC 1370.

(2) DCS, G–1 (DAPE–MPO)—

(a) Will manage the retention board process by adhering to Department of Army board procedures.

(b) Is responsible for reviewing the memoranda of instruction, recessing boards, and processing the results to CNGB, the CAR, or the ASA (M&RA), as appropriate.

b. Commissioned officers and warrant officers will not be retained in an active status beyond their established MRD.

c. All enlisted AGR Soldiers will be career-managed until they reach their RCP. All enlisted Soldiers will be released from active duty upon achieving the RCP for their grade (regardless of availability of controlled grade), unless an exception to policy is granted under the provisions of AR 601–280.

d. ARNGUS AGR Soldiers with at least 18 years of active service may be reviewed by an Active Service Management Board as directed by the CNGB, for 10 USC Soldiers, or the State Adjutant General, for 32 USC Soldiers.
4–12. **Enlisted Soldiers appointed as commissioned or warrant officers**

Enlisted Soldiers in the program who applied and received appointment as commissioned or warrant officers may be continued on AGR duty in the AGR Program, provided a position commensurate with their grade and skill is available. These Soldiers are not required to be released from the program and reapply for reentry, provided an AGR position is currently vacant or projected. Initial commissioned or warrant officer training will be accomplished per paragraph 4–1. However, participation as an officer-trainee, other than warrant officer candidate school or warrant officer basic course, while serving on duty in an AGR status under 10 USC, is not authorized.

**Section III**

**Promotions and Reductions**

4–13. **Authority for officer promotions**

   a. AGR officers will be considered and selected for promotion per AR 135–155.
   b. Removal of an officer from a promotion list will be governed by AR 135–155.

4–14. **Authority for enlisted promotions, reductions, and grade restorations**

   a. Eligibility criteria for promotion consideration, promotion boards, selection for promotion, promotion lists, and promotion are in AR 135–155 and AR 600–8–19.
   b. AGR enlisted Soldiers are in a separate promotion category and will compete among themselves for promotion under the best-qualified method of selection to fill current and projected vacancies within the AGR Program.
   c. Reduction and restoration of grade is also discussed in AR 600–8–19.

**Chapter 5**

**Separation**

5–1. **Release from the Active Guard Reserve Program**

   a. Separation from the AGR Program, as prescribed by this regulation, is an all-inclusive term which is applied to personnel actions resulting in REFRAD, discharge, retirement, dropped from the rolls, release from military control, death, or transfer/reassignment to the Individual Ready Reserve.
   b. All separations, voluntary or involuntary, from the AGR Program will be governed by the following regulations:
      (1) ARNGUS Soldiers, released from active duty, while serving in the AGR Program under the provisions of 10 USC are subject to separation under the provisions of AR 600–8–24 (officers) or AR 635–200 (enlisted), and will be reported to the appropriate State Adjutant General on REFRAD from AGR status.
      (2) ARNGUS Soldiers released from active duty, while serving in the Title 32 AGR Program under the provisions of 32 USC are subject to separation under provisions of AR 135–175 (officers) or AR 135–178 (enlisted), and as further provided under provisions of NGR 600–5.
   c. USAR Soldiers released from active duty, while serving in the AGR Program under the provisions of 10 USC are subject to separation per AR 600–8–24 (officers) or AR 635–200 (enlisted).

5–2. **Retirement service**

   a. Service in an AGR status (either active duty or FTNGD) is creditable as qualifying service for both active service (10 USC 1293, 3911, or 3914) and non-regular service retirement (10 USC 12731).
   b. Selected Reserve Soldiers will normally reach eligibility for non-regular retirement before reaching eligibility for active service retirement.
   c. Once a Soldier reaches eligibility for an active service retirement, he or she is no longer eligible for a 10 USC 12731 non-regular retirement, unless eligible under 10 USC 12741(a). We add however, that notwithstanding the provisions of 10 USC 12731(a), 10 USC 12741(a) provides that a person may elect to receive non-regular retired pay instead of regular retired pay if—
      (1) They satisfy 10 USC 12731(a)(1) (that is, age) and (2) (that is, 20 good years).
      (2) Have served in an active status in the Selected Reserve becoming eligible for regular retired pay.
      (3) Have completed at least 2 years of satisfactory service in such active status excluding any period of active service.
5–3. **Voluntary separations**

a. Soldiers may request voluntarily early REFRAD as prescribed in this regulation and in AR 600–8–24 (officers) or AR 635–200 (enlisted). Such releases will be consistent with the needs of the Service and the law and regulations providing for the retention of reservists on active duty.

b. Requests for voluntary early release will be forwarded in writing through command channels to the first general officer commander or their designated representative, and then to the approval authority contained in AR 600–8–24 (officers) or AR 635–200 (enlisted). Requests from Soldiers attached to full-time staff positions will go through the area commander. Requests will specify a desired release date.

c. Approved requests for termination of AGR status normally will result in a REFRAD for continued service in the USAR if eligible. Soldiers will be discharged or retired only if they are eligible and apply.

d. Approval authorities may disapprove early release and require Soldiers to comply with valid active duty orders.

5–4. **Involuntary separations**

a. AGR Soldiers may be released involuntarily from active duty at any time per AR 600–8–24 (officers), AR 635–200 (enlisted), and NGR 600–5.

b. Unless otherwise specified in this regulation, the procedures and approval authorities cited in AR 600–8–24 and AR 635–200 apply. Administrative instructions per AR 600–8–24 (for example, DA active duty board actions should be forwarded through appropriate command channels to the CG, HRC for action or routing to the appropriate authority).

c. Release of officers from active duty resulting from nonselection for retention in the AGR Program by a DA continuation or selective separation board is considered to be an involuntary REFRAD, for purposes of determining eligibility for separation pay or reentry to the AGR Program.

5–5. **Selection for separation**

a. The CAR will monitor and manage the number of AGR Soldiers in each grade and ensure that the grade structure is consistent with and will support the overall readiness objectives of the USAR. When the CAR determines that there are or may be an excess number of AGR Soldiers for any grade, he may initiate the necessary action to reduce such numbers. Consideration will be given to the following type actions:

1. Reduction or termination of AGR accessions.
2. Request for a temporary over-strength if the excessive numbers are considered to be a temporary condition that can be resolved through normal attrition.

b. When the above actions are not sufficient or appropriate with respect to AGR officers, the CAR may request that the DCS, G–1 (DAPE–MP) convene a DA active duty board under AR 600–8–24, to reduce the numbers in any officer grade. The CAR will provide input to the DCS, G–1 (DAPE–MP) for the memorandum of instruction to the board.

c. When the actions in paragraph 5–5a are not sufficient or appropriate with respect to AGR enlisted Soldiers, the CAR may request Soldiers to be separated early from active duty due to reduction in force, strength limitations, or budgetary constraints per AR 635–200, except that the CG, HRC will implement the program and provide information and instructions for USAR AGR enlisted Soldiers in lieu of HRC.

d. Enlisted Soldiers considered under paragraph 5–5c will be notified in writing that their records, and any other available information, are being forwarded to the AGR enlisted active duty board for consideration, and they will be informed of the criteria under which records were submitted. The memorandum of notification will outline the criteria furnished by the board for guidance in selecting Soldiers for separation. Each enlisted Soldier will have the right to submit appropriate written material for the board’s consideration. The Soldier concerned (or a designee) will be afforded the opportunity to review their personnel records and any other written material that will be submitted to the board for evaluation.

e. Releases resulting from a board convened under paragraph 5–5b or 5–5c are dictated by the needs of the Service. Members involuntarily released under paragraph 5–5b or 5–5c are not considered ineffective or substandard in duty performance.

f. Soldiers released under paragraph 5–5b or 5–5c are eligible to apply for reentry into the AGR Program, if subsequent accession announcements include requirements for their grade and AOC/MOS. For purposes of determining reentry eligibility, time in the AGR Program is service in the Selected Reserve of the USAR.

5–6. **Retirements**

a. AGR Soldiers who have completed at least 20 years of active Federal service and are otherwise eligible may, upon application and at the discretion of the SECARMY, be retired. The provisions of AR 600–8–24 (officers) and AR 635–200 (enlisted) apply.

b. AGR Soldiers who are qualified for a non-regular retirement may apply under AR 135–180.
c. Soldiers covered by the retention provision of 10 USC 12686 or 12646 (and are within 2 years of becoming eligible for military retirement) will be retained on active duty until they qualify for retired or retainer pay unless their REFRAD is voluntary or approved by the SECARMY.

Internal Control Evaluation

B–1. Function
The function covered by this evaluation is full-time support in the AGR Program for the USAR and the ARNG

B–2. Purpose
The purpose of this evaluation is to assist commanders and accessions personnel to determine if the most qualified Soldiers are being selected for service in the AGR Program.

c. Are HRC and NGB properly screening records prior to issuance of a continuation after the probationary period?

B–5. Supersession
None.

B–6. Comments
Help make this a better tool for evaluating internal controls. Submit comments to the Deputy Chief of Staff, G–1 (DAPE–MPE–IP), 300 Army Pentagon, Washington, DC 20310–0300.
